KEALEE PLATFORM

National Market Expansion Strategy

m-ops-services & m-permits Modules

Target Markets Beyond the DC-Baltimore Corridor

Tier 1, Tier 2, and Emerging Markets Analysis

Prepared: January 2026

Kealee Construction LLC

Executive Summary

This document identifies the highest-potential national markets for expanding the Kealee Platform's m-ops-services and m-permits modules beyond the initial DC-Baltimore corridor. Markets are prioritized based on construction activity, licensed contractor population, permit complexity, and growth trajectory.

Market Selection Criteria

- **Construction Volume:** Total building permits issued, construction value added
- **Contractor Population:** Number of licensed general and specialty contractors
- **Permit Complexity:** States with stringent licensing and complex permit processes
- **Growth Rate:** Population growth, housing starts per capita, construction job growth
- **Business Environment:** Pro-business policies, licensing requirements, market accessibility

National Construction Market Overview

The U.S. construction market is valued at approximately $2.1 trillion (2024), projected to reach $3.27 trillion by 2033. Key statistics:

- 1.48 million new homes authorized by building permits in 2024
- Construction value added: $1.31 trillion nationwide
- Top 10 states account for over 50% of all U.S. construction activity
- Housing shortfall estimated at 3.8-5.5 million units nationally
- Sun Belt states dominate construction growth due to migration patterns

Market Tier Overview

Tier	States/Markets	Opportunity Level	Entry Strategy
TIER 1	Texas, Florida, California	Highest volume, strict licensing	Immediate priority
TIER 2	Arizona, Georgia, North Carolina, Colorado, Nevada	High growth, strong demand	Fast-follow expansion
TIER 3	Utah, South Carolina, Tennessee, Idaho, Washington	Emerging, high per-capita growth	Strategic opportunity

Top 10 States by Construction Activity (2024)

#	State	Construction Spending	Building Permits	Est. Contractors
1	Texas	$89.7B (commercial)	66,000+ (Dallas alone)	400,000+
2	Florida	$65B+	180,000+	300,000+
3	California	$75B+	120,000+	672,000+
4	New York	$45B+	40,000+	250,000+
5	Georgia	$35B+	85,000+	150,000+
6	North Carolina	$30B+	94,000 units (2024)	120,000+
7	Pennsylvania	$28B+	35,000+	180,000+
8	Illinois	$25B+	30,000+	200,000+
9	Ohio	$22B+	32,000+	160,000+
10	Virginia	$20B+	20,000+ (DC metro)	180,000+

TIER 1 MARKETS: Highest Priority

These markets represent the largest immediate opportunity due to massive contractor populations, high permit volumes, and complex regulatory environments where m-permits services provide significant value.

1. TEXAS

Why Texas is #1:

- $89.7 billion in annual commercial construction spending (highest in U.S.)
- Dallas-Fort Worth issued 66,000+ permits in 2024 alone
- Houston added 287,000 new housing units (2020-2023) - most of any metro
- 11.7% of national home builders industry revenue
- Pro-business environment with low taxes

Key Metro Markets:

Metro	Opportunity	Focus
Dallas-Fort Worth	40,000+ new apartments (2024), industrial/tech boom	Permits, estimation, project mgmt
Houston	Energy sector, residential explosion	All services
Austin	28.6 units/1,000 existing homes (top 3 nationally)	Tech-forward contractors
San Antonio	Rapid suburban growth	Residential focus

Licensing Environment: No state-level general contractor license required. Licensing handled locally in major cities. This creates opportunity for contractors who need help navigating varying local requirements.

Apollo Search Filters: Location: Texas; Industry: Construction, Home Improvement; Company Size: 5-100; Job Titles: Owner, President, Operations Manager

2. FLORIDA

Why Florida is Critical:

- Added 11,400 construction jobs in recent period
- One of the STRICTEST licensing requirements in the U.S.
- 2023 Building Code overhaul mandates hurricane-rated specifications
- Insurance premiums up 150% since 2021 - compliance is critical
- Climate resilience and coastal infrastructure creating massive demand

Key Metro Markets:

Metro	Opportunity	Focus
Miami	$3B Little River district, $1B transit project (2,000+ units)	Commercial permits, compliance

Tampa Bay	Urban expansion, hurricane rebuilding	Residential permits
Orlando	Tourism infrastructure, residential growth	All services
Jacksonville	Fastest-growing FL metro	Estimation services

Licensing Environment: VERY STRICT. Construction Industry Licensing Board (CILB) oversees all licenses. Certified (statewide) vs. Registered (local) licenses. Requires 3 exams: Business & Finance, Contract Admin, Project Management. PERFECT market for m-permits services.

Value Proposition: Hurricane code compliance, permit expediting, insurance documentation support.

3. CALIFORNIA

Why California Matters:

- 672,280 construction workers - MOST in any state
- MOST COMPLEX permit and regulatory environment in the nation
- State-driven sustainability mandates create permit complexity
- Median home value: $879,500 (LA) - high-value projects
- Permits required for virtually ANY construction work

Key Metro Markets:

Metro	Opportunity	Focus
Los Angeles	Largest metro, ADU boom, sustainability upgrades	Permit navigation, compliance
San Francisco Bay	Tech industry builds, seismic retrofits	Complex commercial permits
San Diego	Military/defense construction, residential	All services
Sacramento	State capital growth, affordable housing	Residential permits

Licensing Environment: EXTREMELY STRICT. Contractors State License Board (CSLB). 44 license classifications. Requires trade exam + law/business exam. Financial requirements, bonds required. Complex patchwork of local codes on top of state requirements.

Value Proposition: Permit expediting is EXTREMELY valuable here. Multi-jurisdiction navigation, environmental compliance, Cal/OSHA requirements, sustainability documentation.

TIER 2 MARKETS: High Growth

These Sun Belt and growth markets offer excellent expansion opportunities with strong contractor populations and favorable business environments.

4. ARIZONA

- Phoenix: #2 data center market in U.S. (1.8 GW under construction)
- 60,833 units expected 2024-2028 in Phoenix alone
- $40B TSMC semiconductor fab creating "Silicon Desert"
- Building employment up 5% in Phoenix metro (2025)
- ~$6,000 per-capita construction spending (highest nationally)

Licensing: State license required. Registrar of Contractors. Trade + business exams, surety bond. License fee up to $1,050.
Key Metros: Phoenix, Mesa, Scottsdale, Tucson, Gilbert, Peoria

5. GEORGIA

- Ranked #7 nationally in per-capita commercial construction spending ($2,498/person)
- Atlanta: Major hub for film/entertainment, tech, logistics
- Strict licensing requirements (work over $2,500 requires license)
- Strong population growth from Northeast/Midwest migration

Licensing: State license required for work >$2,500. Bond, experience, exam, insurance all required.
Key Metros: Atlanta, Savannah, Augusta, Athens

6. NORTH CAROLINA

- 94,000 housing units added in 2024 (4th largest growth nationally)
- 18.9 new homes per 1,000 existing (nearly double national average)
- Raleigh-Cary: 28.8 units/1,000 homes (#1 metro nationally)
- Research Triangle tech boom driving commercial construction

Licensing: State Licensing Board for General Contractors. Classifications for unlimited, intermediate, limited.
Key Metros: Raleigh-Durham, Charlotte, Greensboro, Wilmington

7. COLORADO

- Denver: Major tech hub with sustained residential demand
- Strong commercial construction in data centers, biotech
- High home values driving renovation market

Licensing: No statewide license, but local jurisdictions (Denver, etc.) require licensing.
Key Metros: Denver, Colorado Springs, Boulder, Fort Collins

8. NEVADA

- Las Vegas: Sports/entertainment construction boom (Raiders, F1, etc.)
- Data center corridor along I-15
- No state income tax attracting California migration

Licensing: State license required through Nevada State Contractors Board. Bond required.
Key Metros: Las Vegas, Henderson, Reno

TIER 3 MARKETS: Emerging Opportunities

These markets show exceptional per-capita growth and represent strategic opportunities for targeted expansion.

9. UTAH

- Among highest per-capita new construction rates nationally
- Salt Lake City tech corridor ("Silicon Slopes")
- Young, growing population driving housing demand

Licensing: State license required for projects >$3,000. Division of Occupational and Professional Licensing.
Key Metros: Salt Lake City, Provo, Ogden, St. George

10. SOUTH CAROLINA

- 18.9 new homes per 1,000 existing (top 5 nationally)
- Charleston: Major port expansion, tech growth
- BMW, Boeing manufacturing driving commercial construction

Licensing: General and Mechanical Contractors License required for commercial projects >$5,000.
Key Metros: Charleston, Greenville-Spartanburg, Columbia, Myrtle Beach

11. TENNESSEE

- Nashville: Fastest-growing major city in Southeast
- Healthcare, entertainment, tech HQ relocations
- No state income tax attracting business relocation

Licensing: State license required for projects >$25,000.
Key Metros: Nashville, Memphis, Knoxville, Chattanooga

12. IDAHO

- 21.2 new units per 1,000 existing homes (#1 nationally per capita)
- More than TWICE the national average in construction rate
- Boise tech growth, California migration

Licensing: Registration required for work >$2,000. Minimal barriers = high competition.
Key Metros: Boise, Meridian, Nampa, Idaho Falls

13. WASHINGTON

- 13.8% forecasted increase in new-home construction for 2025
- Seattle: Major tech hub (Amazon, Microsoft)
- Shift toward smaller, affordable homes

Licensing: Registration required with WA Department of Labor & Industries (not full license).

Key Metros: Seattle, Tacoma, Spokane, Bellevue

Market Priority Ranking

Recommended Expansion Sequence

Rank	Market	m-permits Value	m-ops-services Value	Timeline
1	Texas	High (local variation)	Very High (massive volume)	Q1 2026
2	Florida	VERY HIGH (strict codes)	High (hurricane rebuilds)	Q1 2026
3	California	HIGHEST (most complex)	Very High (high values)	Q2 2026
4	Arizona	High (rapid growth)	High (tech/industrial)	Q2 2026
5	North Carolina	Medium-High	High (fastest growth)	Q2 2026
6	Georgia	Medium-High	High (Atlanta hub)	Q3 2026
7	Nevada	High (state license)	Medium-High	Q3 2026
8	Colorado	Medium (local focus)	High (tech market)	Q3 2026
9	Tennessee	Medium	High (Nashville boom)	Q4 2026
10	Utah	Medium-High	Medium-High	Q4 2026

Apollo.io National Search Strategy

Recommended Search Filters by Market

TEXAS Search Configuration

- Location: Texas (or specific metros: Dallas, Houston, Austin, San Antonio)
- Industry: Construction, Building Materials, Home Improvement
- Company Size: 5-200 employees
- Job Titles: Owner, President, CEO, Operations Manager, Estimator
- Keywords: general contractor, home builder, commercial contractor, residential construction

FLORIDA Search Configuration

- Location: Florida (Miami, Tampa, Orlando, Jacksonville)
- Industry: Construction, Specialty Trade Contractors
- Keywords: licensed contractor, certified contractor, hurricane, coastal construction
- Note: Target CERTIFIED contractors (statewide license) first - higher sophistication

CALIFORNIA Search Configuration

- Location: California (Los Angeles, San Francisco, San Diego, Sacramento)
- Industry: Construction, Green Building, Sustainable Construction
- Keywords: CSLB licensed, permit expediter, ADU, seismic, sustainability
- Note: Emphasize permit complexity pain points in messaging

Email Messaging by Market

Texas Messaging Angle:

Focus on VOLUME and EFFICIENCY. "Handle 10x more projects with the same team." "Estimation accuracy for competitive bidding." Texas contractors are volume-focused.

Florida Messaging Angle:

Focus on COMPLIANCE and CODES. "Navigate Florida's new hurricane code requirements." "Permit compliance without the headache." "Insurance documentation made simple."

California Messaging Angle:

Focus on PERMIT COMPLEXITY. "Your permit expert for California's toughest jurisdictions." "Cal/OSHA, environmental, sustainability - we handle it all." "Stop losing weeks to permit delays."

GoHighLevel National Campaign Funnels

Market-Specific Landing Pages

Create dedicated landing pages for each Tier 1 market with localized messaging:

- **permits.kealee.com/texas:** "Permit Services for Texas Contractors"
- **permits.kealee.com/florida:** "Florida Hurricane Code Compliance Made Simple"
- **permits.kealee.com/california:** "Navigate California's Most Complex Permits"
- **ops.kealee.com/texas:** "Scale Your Texas Construction Business"
- **ops.kealee.com/sunbelt:** "Operations Services for High-Growth Markets"

Automation Workflow: Multi-Market Nurturing

1. **Lead Capture:** Apollo identifies contractor, adds to market-specific list
2. **Initial Sequence:** 5-touch Apollo email sequence with market-specific messaging
3. **Warm Lead Import:** Engaged leads exported to GoHighLevel CRM
4. **Multi-Channel Nurture:** SMS + email + voicemail drops over 14 days
5. **Demo Booking:** Calendar link for market-appropriate time zone
6. **Post-Demo Follow-up:** Automated proposal and payment workflow

Summary: National Expansion Roadmap

Phase 1: Q1 2026 - Tier 1 Launch

- Launch Texas campaign (Dallas/Houston focus)
- Launch Florida campaign (Miami/Tampa focus)
- Build prospect lists: 10,000+ contacts per state
- Create market-specific landing pages and funnels

Phase 2: Q2 2026 - California + Tier 2

- Launch California campaign (emphasize permit complexity)
- Begin Arizona and North Carolina campaigns
- Scale successful Tier 1 campaigns based on data
- Add LinkedIn Ads for high-value California market

Phase 3: Q3-Q4 2026 - Full National Presence

- Launch remaining Tier 2 markets (Georgia, Nevada, Colorado)
- Begin Tier 3 market testing (Tennessee, Utah)
- Develop referral program for cross-market expansion
- Evaluate industry partnerships (associations, publications)

Total Addressable Market

Metric	Estimate
Tier 1 Licensed Contractors (TX, FL, CA)	1,372,000+
Tier 2 Licensed Contractors (AZ, GA, NC, CO, NV)	600,000+
Tier 3 Licensed Contractors (UT, SC, TN, ID, WA)	350,000+
TOTAL NATIONAL TAM (13 Priority States)	2,322,000+ contractors
Add: Original MD/VA/DC Market	480,000+
COMBINED TOTAL ADDRESSABLE MARKET	2,800,000+ contractors

The national market represents a 5x expansion opportunity from the regional DC-Baltimore focus.
