

BUILDING ELEVATIONS — CONCEPT MASSING

Aragona Village Blocks EE and DD (16 approved SFD lots) — conversion to townhouses, two-over-tuos and duplexes - zone RMF-20 - drawn from the yield study's dimensions; openings, materials and roof form are placeholders for the architect. Heights are to the parapet or ridge, measured from average grade at the building.

TWO-OVER-TWO — STACKED, TWO DWELLINGS PER BAY — FRONT ELEVATION · 1/8" = 1'

Four of 8 bays, a lower two-storey dwelling over its garage and an upper two-storey dwelling, 24-ft bays, 44 ft to the parapet.

TOWNHOUSE — STICK OF SIX — FRONT ELEVATION · 1/8" = 1'

20-ft units, three storeys with a front-load garage, 38 ft to the ridge.

TWO-FAMILY (DUPLEX) — SIDE BY SIDE — FRONT ELEVATION · 1/8" = 1'

Two 30-ft dwellings under one roof, two storeys, 32 ft to the ridge.
